"Kucoin and BloFin, united by a shared mission in the industry, have enjoyed a fruitful partnership spanning years. When BloFin sought to expand its expertise into the exchange markets, we recognized the opportunity to invest and to collaborate. Witnessing BloFin's consistently outstanding performance, we harnessed its great potency, contributing to the widespread prevalence of this thriving platform."

Johnny Lyu
CEO of KuCoin

"We are content to see BloFin launch its crypto futures trading system. In the tides of industrial development, projects, especially trading platforms, have undergone iterations dramatically. Bringing a new trading platform into existence, BloFin has stuck to its mission that a good exchange should be trustworthy, easy to use, and always put the users' funds' security at priority. We believe BloFin will continue working on it."

Harry Man
Partner of Matrix Partners China

"BloFin Academy and SignalPlus Broadcast have long worked together to deliver a wealth of insightful and timely content, with a common mission to educate and enhance the knowledge base of the crypto market. We are excited to see that BloFin has now extended its domain expertise to the exchange market, and will surely be a strong value-add player to the ecosystem. Furthermore, we envision an even deeper partnership going forward, as SignalPlus will deploy and make our data analysis service available to all BloFin exchange users."

Chris Yu
CEO of SignalPlus.

"BloFin's integration of key measures including AI-powered algorithms, infrastructure, and analysis demonstrates their commitment to security in the digital asset ecosystem."

Victor Fang
CEO, Chairman of Board, and Co-founder of AnChain.AI

"BloFin is an easy-to-operate platform covers what users really need - trading efficiency and fund security. Led by a team of reputable professionals, BloFin has a promising future to pioneer the crypto futures trading business."

Pan
Founder and CEO of ChainCatcher & RootData.

Happy Trading!
